

Name: Drop S/06

Design: Christophe Mathieu / 2017

Typology: Pendant Lamp

Environment: Indoor

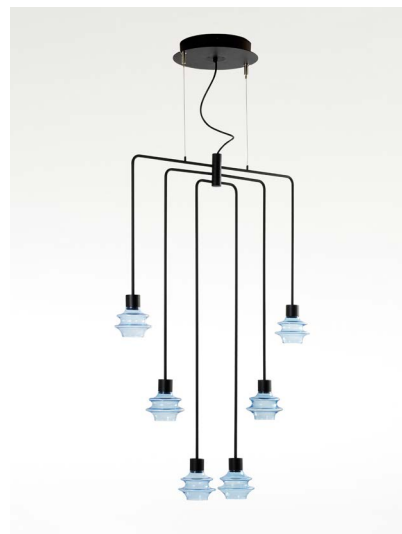

Technical description:

Drop is an extensive family of luminaires designed for all types of applications, from residential & hospitality applications to retail and corporate.

Drop 06 is different from the rest of the Drop pendants, it is made of an 80mm rigid tube and it is supported through 2 tensor cables. Once the arms are placed in the desired position, the lamp must be fixed to prevent movement.

One of the qualities of this program is the ease of maintaining in terms of functionality and cleanliness. The glass can be cleaned with easy removal from

the structure. It does not have screws. Water and non-abrasive soap can be used for cleaning. LED source change: In case one of the LEDs does not work, the lamp has an individual electronic system that allows the luminaire to continue working.

Lamps description

Grounding: compulsory

TRIAC dimming system

18 W LED

Leds: 6 x 3 W = 18 W

Lumens: 2070 lm

CRI: 90

Degrees Kelvin: 2700°

Voltage: 120-277 V / 50-60 Hz

2 Boxes:

1 Box 41.34 x 33.46 x 3.94 inches
Vol.: 3.1536 ft³ Weight: 14.77lbs

1 Box 13.39 x 9.45 x 7.48 inches
Vol.: 0.5474 ft³ Weight: 2.29 lbs

Net weight: 9.92 lbs

Certifications:  

Photometrics made according to the position the lights are shown in the catalogue and price list.
