The Lelio floor light from Nordlux is a floor light in a very classic and timeless design. The light has 2 black textile shades that can be directed wherever you want. The light provides excellent soft light, making it ideal as a reading light. Lelio is also a very decorative light, so use it anywhere in the home where there is a corner that needs a little extra light, or use it as a reading light behind the sofa or the good armchair.

nordlux® 75554003
