

Nautilus,  
design by Andrea Tosetto, 2017

Ceiling

Strong design and leading-edge technology come together in this family of lamps characterised by a convex lens that projects the LED light wherever its needed or most preferred, for a truly efficient and personalised result. Versatile and dynamic, either on the wall, ceiling or suspended in a variety of versions and finishes, Nautilus lamps satisfy a full range of lighting needs, whether functional or purely decorative, in both residential and professional contexts.

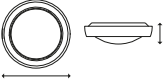

| Nautilus Ceiling                                                                    | Light source                                                                                                    | Frame Aluminium                                                               | Diffuser: Aluminium | Code                                 |
